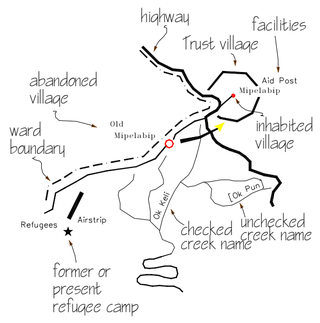
Ok Tedi Impact Area
Map 2
Konkonda - Binge River
Scale 1:100,000

Legend



0 5 km

Source: Series T601 topographic sheets 7185 'Kiunga' and 7184 'Murray' ca. 1971 / field survey by Unisearch 1991-92. Positional accuracy of features varies: locations along the highway verified by GPS, off-road locations generally positioned in in relation to nearby physical features. Air photograph coverage of both the 'Kiunga' and 'Murray' sheets is very poor, with clear misinterpretations along the highway north of Kiunga. USAF air navigation charts at 1:250,000 supplement the border area. Cultural information: reliability is as annotated / information is a received from village informants / some annotation added from patrol maps and explorers' descriptions and maps (see especially Champion's map, which is itself a compilation from sources up to 1926 I.F. Champion 1931, Across New Guinea from the Fly to the Sepik. London: Constable & Co.)

All coordinates follow the Australian Map Grid. Drawn by John Burton . First version (AutoCAD 12) 5 July 1993. Updated edition (AutoCAD 2000) October 2004.
