

Crawford School Visitor Parking

When attending a conference or visiting the Crawford School drivers must pay to park using CelloPark

It is suggested drivers register with CelloPark **prior** to arriving on campus. This is a one-off registration process. To do so either:

- Register – Online at www.cellopark.com.au
- Download the App and install “Cellopark Australia” or
- Call 02 85999747

If you are registering by phone you will hear a recorded message advising “We have been unable to recognise your number in our system”. **Do not hang up**. You will be asked to press the “*” key on your phone and you will be re-directed to the call centre who will assist you in registering and starting your parking session.

Once registered, start your session by:-

- Logging on to the website, entering the zone number e.g. 1200700 and starting your parking session
- Download the free App and scan the QR code on the sign where you are parked. You will be directed to the CelloPark site which will allow you to start your parking session
- Call 02 85999747.

When registering if you are asked for an ANU staff or student ID number please skip this step.

If you have registered on line you can log on to the website, enter the zone number e.g. 1200700 and start your parking session.

Please note it is the driver’s responsibility to ensure they start and stop their parking session when parking on campus. **Your parking session will continue until you stop it or 5:00pm whichever is the later.**

Visitor fees for 2016 are \$2.50 per hour with a maximum daily fee of \$15.00. Payments are debited from your account based on the selected payment method.

CelloPark is not valid in time limited or Authorised parking zones which are clearly signposted.

All enquiries should be referred to CelloPark – support@cellopark.com.au or 02 85999747

ANU parking maps may be found at <http://www.anu.edu.au/maps#> These maps allow drivers to select the type of parking they are interested in and drill down to the area of the campus being visited.
