PNG Economic Database launch

Thursday 30 September 11am–12:30pm (AEST)

Consistent data on the Papua New Guinea economy back to independence is sparse. To fill this gap, the ANU-UPNG partnership has created the PNG Economic Database. This online database contains economic data for PNG back to independence, with more than 160 series.

The database will be launched by the Treasurer of PNG Ian Ling-Stuckey at the University of Papua New Guinea.

Registration is required to attend this launch event. You can attend at the SBPP Lecture Theatre UG07, or online via Zoom webinar.

The PNG Economic Database is a project of the partnership between the ANU Crawford School of Public Policy and the UPNG School of Business and Public Policy. We gratefully acknowledge funding from the PNGAus Partnership.

The event will be a public webinar and will be recorded. The recording will be made available after the event through the Development Policy Centre website (<https://devpolicy.crawford.anu.edu.au>).

Speakers

Hon. Ian Ling-Stuckey

Treasurer of Papua New Guinea

His Excellency Jon Philp

Australian High Commissioner to Papua New Guinea

Location

SBPP Lecture Theatre UG07, University of Papua New Guinea, or via Zoom webinar
